

## LBA19E6001U

## A19 LED Bulb

12.5W | Warm White LED | 60W Incandecent Bulb Brightness | E26

### PRODUCT FEATURES

#### Energy Saving

The 12.5W A19 LED Bulb is equivalent brightness to 60W incandecent bulb. When using 12.5W LED bulb, the power consumption is 13.69 kw-hour / year, compared to 65.7 kw-hour/ year for incandecent bulb.

#### Maintenance Cost Saving

The 12.5W A19 LED Bulb provides 30,000 hours of operation life. It is 30 times life of standard incandecent bulb.

#### Quality & Safety

UL Safety certified.

#### Environment Friendly

12.5 A19 LED bulb is a green product which is RoHS Compliant. With energy saving and long life features, to minimize pollution on our earth is our mission.

### PRODUCT INFORMATION

LBA19E6001U

Energy Star

### GENERAL CHARACTERISTICS

Body Material	ADC 12 Aluminum
Lens Material	Polycarbonate V-0
Die-casting heatsink	White Painting
Socket Type	Medium Screw (E26)
Operation Temperature	-20°C ~40°C
Rated Life	25,000
Dimmable	Yes

### PHOTOMETRIC CHARACTERISTICS

Equivalent Source	60W Incandescent
Lumen Output (lm)	800
Efficacy (lm/w)	67
Color Temperature (K)	2700
CRI	85

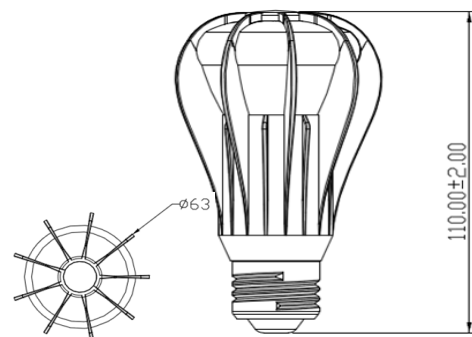

### ELECTRICAL CHARACTERISTICS

Input Voltage	AC120V
Power Consumption	12.5 W

### MECHANICAL DIMENSIONS

Length	4.33" (110 mm)
Bulb Diameter	2.48" (63 mm)
Weight	0.22 lbs (100 g)

### MECHANICAL DRAWING

Patent TW 100107990 Pending
