

LBA19N40D1U

A19 LED Bulb

8.5W | Warm White LED | 40W Incandecent Bulb Brightness | E26

PRODUCT FEATURES

Energy Saving

The 8.5W A19 LED Bulb is equivalent brightness to 40W incandecent bulb. When using 8.5W LED bulb, the power consumption is 9.3 kw-hour / year, compared to 43.8 kw-hour/ year for incandecent bulb.

Maintenance Cost Saving

The 8.5W A19 LED Bulb provides 30,000 hours of operation life. It is 30 times life of standard incandecent bulb.

Quality & Safety

UL Safety certified.

Environment Friendly

8.5W A19 LED bulb is a green product which is RoHS Compliant. With energy saving and long life features, to minimize pollution on our earth is our mission.

PRODUCT INFORMATION

LBA19N40D1U

GENERAL CHARACTERISTICS

Body Material	A1050 Aluminum
Lens Material	Polycarbonate V-0
Stamped-fin Heatsink	Anodized
Socket Type	Medium Screw (E26)
Operation Temperature	-20°C ~40°C
Rated Life	30,000 hrs
Dimmable	Yes

PHOTOMETRIC CHARACTERISTICS

Equivalent Source	40W Incandescent
Lumen Output (lm)	450
Efficacy (lm/w)	55
Color Temperature (K)	3000
CRI	85

ELECTRICAL CHARACTERISTICS

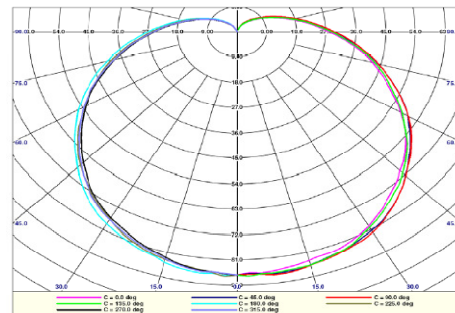

Input Voltage	AC120V
Power Consumption	8.5W

MECHANICAL DIMENSIONS

Length	4.45" (113 mm)
Bulb Diameter	2.56" (65 mm)
Weight	0.22 lbs (100 g)
